Natural Medicine Programs

Est. 1986

Since its founding in 1986, New Earth College of Natural Healing Sciences has offered top-notch, timely, and diverse educational programs and opportunities for the intellectual, cultural, and personal development of all of its members. As an educational leader that embraces change and adapts to the varied demands of its students while maintaining its reputation as a Canadian quality institution, the College cherishes its role as a fervent patriotic defender of fundamental Canadian values.

N.E.C Canada is registered as a career college under the Ontario Career Colleges Act, 2005.
The Diploma of Natural Medicine is approved as a vocational program under the Ontario PCC Act, 2005

Are Natural Medicine Programs for you?

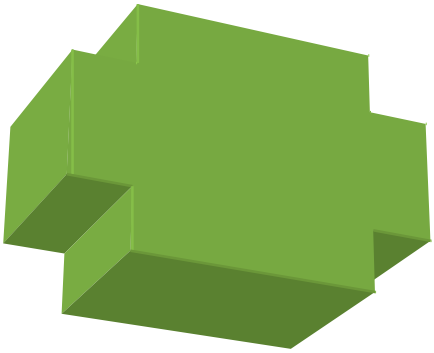

Natural Medicine programs align with a philosophy of healing that values the whole person—mind, body, and spirit—and empowers individuals to support their health naturally.

- **Passion for Holistic Health:** Committed to a holistic approach that treats the root causes of health issues, not just the symptoms.
- **Focus on Preventative Care:** Interested in helping people prevent illness through natural and lifestyle-focused interventions.
- **Interest in Traditional Healing Practices:** Fascinated by traditional medicine systems, such as herbalism, acupuncture, and energy healing.
- **Desire for a Patient-Centered Approach:** Attracted to a therapeutic model that respects the individual's unique needs and values.
- **Commitment to Integrative Medicine:** Strong belief in combining natural therapies with modern medical approaches for comprehensive care.
- **Scientific Curiosity:** Eager to understand the biochemical and physiological effects of natural therapies on the human body.
- **Career Flexibility:** Appreciates the versatility of a career in natural medicine, with opportunities in private practice, wellness coaching, and education.
- **Interest in Sustainable Healthcare:** Drawn to sustainable and environmentally friendly approaches to healthcare.
- **Commitment to Lifelong Learning:** Enthusiastic about continual education and adapting to new findings in the field of natural medicine.

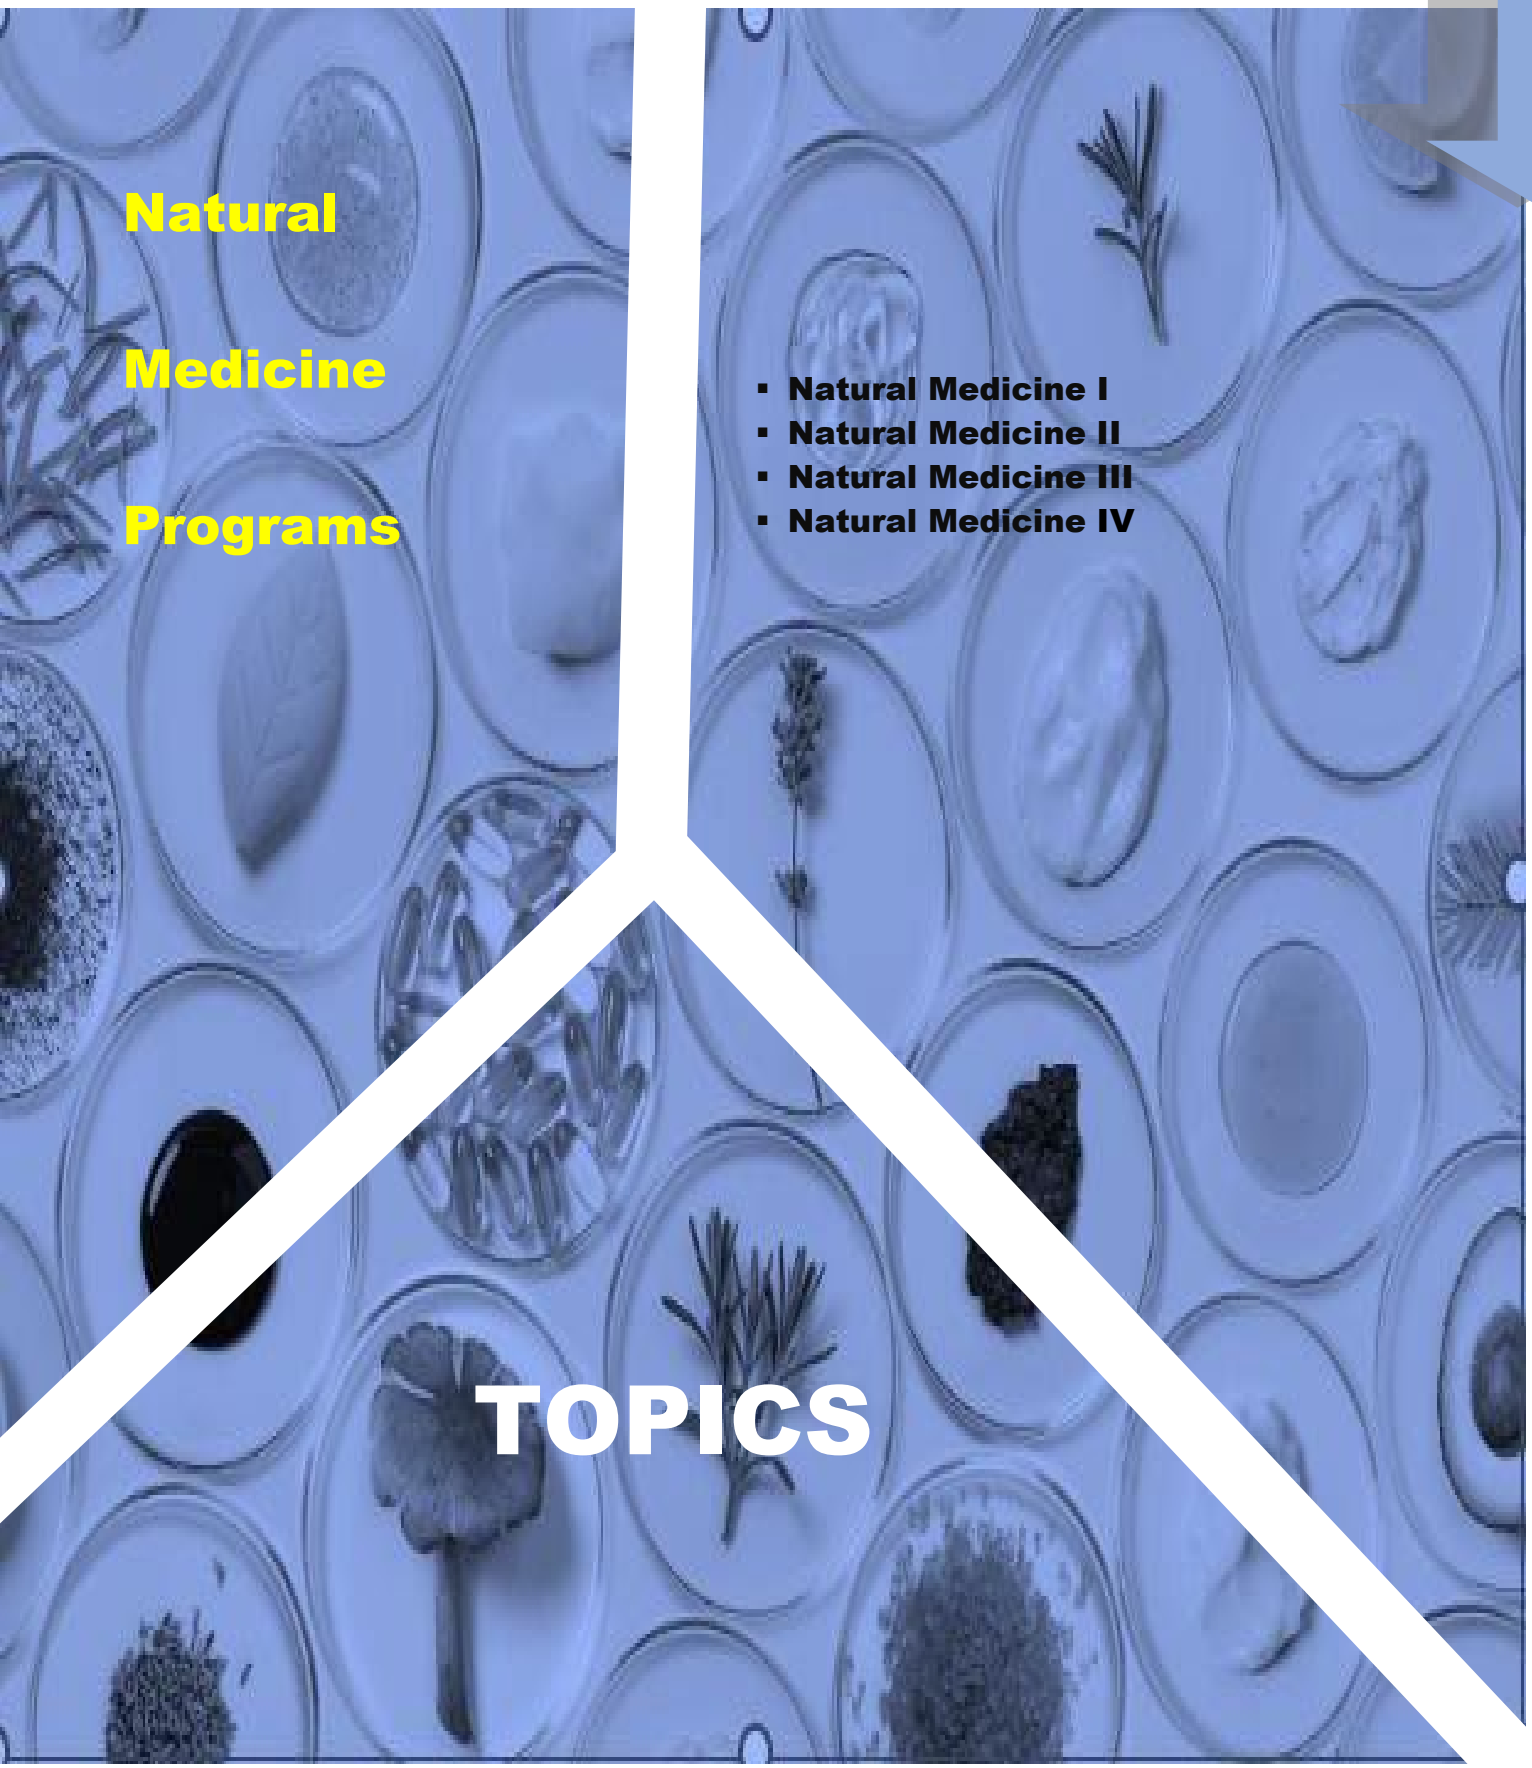

What it means to study with New Earth College of Natural Healing Sciences?

- **Mission: Provide quality, accessible, and affordable education, protect students from fraudulent practices, and support workforce and economic development.**
- **Accessibility: Offer safe, inclusive learning environments and transfer options for diploma programs.**
- **Career Alignment: Design programs to meet employer and student needs and foster personal growth and cultural awareness.**
- **Global Preparedness: Prepare students for success in a multicultural, global economy and promote world culture appreciation.**
- **Diversity and Community: Reflect community demographics and embrace diversity as a strength.**
- **Accreditation: Accredited by national and international bodies, ensuring rigorous, quality education.**
- **Recognition: Accredited programs align with standards from Canadian and international bodies, ensuring academic and professional value.**
