Osteopathy Programs

NEW EARTH COLLEGE OF NATURAL HEALING SCIENCES

Since its founding in 1986, New Earth College of Natural Healing Sciences has offered top-notch, timely, and diverse educational programs and opportunities for the intellectual, cultural, and personal development of all of its members. As an educational leader that embraces change and adapts to the varied demands of its students while maintaining its reputation as a Canadian quality institution, the College cherishes its role as a fervent patriotic defender of fundamental Canadian values.

N.E.C Canada is registered as a career college under the Ontario Career Colleges Act, 2005.
The Diploma of Manual Osteopathy is approved as a vocational program under the Ontario PCC Act, 2005

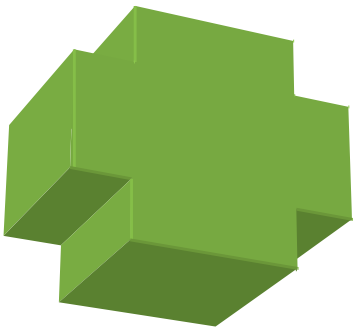

Why is Manual Osteopathy for You?

- ***Holistic Approach:*** Osteopathy aligns with my interest in treating the body as an interconnected system, focusing on overall wellness rather than isolated symptoms
- ***Hands-On Techniques:*** You are drawn to the use of manual techniques in osteopathy, as they allow for a direct impact on patients' well-being, facilitating natural healing
- ***Personalized Care:*** The osteopathic philosophy of individualized patient care resonates with your goal to provide targeted, patient-specific treatments
- ***Preventative Focus:*** Osteopathy's emphasis on prevention and health maintenance appeals to you, as you are passionate about promoting long-term health rather than temporary solutions
- ***Interest in Musculoskeletal Health:*** You have a keen interest in musculoskeletal health and anatomy, making osteopathy an ideal field to deepen your expertise in these areas
- ***Career Versatility:*** Osteopathy offers diverse career opportunities, from private practice to integrative health settings, which aligns with your ambition to work in various healthcare environments
- ***Desire for Comprehensive Skill Set:*** You are eager to develop a comprehensive skill set in both diagnostic and therapeutic techniques that osteopathy programs provide, enabling you to treat a wide range of conditions effectively
- ***Alignment with Preventative and Functional Medicine Trends:*** The growing focus on preventive and functional medicine aligns with osteopathic principles, making it a timely and future-forward choice in healthcare

Studying with New Earth College of Natural Healing Sciences:

- **Mission**: Provide quality, accessible, and affordable education, protect students from fraudulent practices, and support workforce and economic development
- **Accessibility**: Offer safe, inclusive learning environments and transfer options for diploma programs
- **Career Alignment**: Design programs to meet employer and student needs and foster personal growth and cultural awareness
- **Global Preparedness**: Prepare students for success in a multicultural, global economy and promote world culture appreciation
- **Diversity and Community**: Reflect community demographics and embrace diversity as a strength
- **Accreditation**: Accredited by national and international bodies, ensuring rigorous quality education
- **Recognition**: Accredited programs align with standards from Canadian and international bodies, ensuring academic and professional value

Osteopathy
Programs
• Osteopathy I
• Osteopathy II
• Osteopathy III
